REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Although potassium chloride tablets are well known in the art, the coating of the potassium chloride granules with a single thermoplastic polymer, where the granule is free from processing aids and surfactants, is found to be novel. Art such as Paradissis et al (USPN 5,133,974) disclose granules coated with just ethylcellulose but the coating further requires a plasticizers, and other aids such as talc and calcium sulfate are further included into the formulation. Another novel feature of the invention is the disclosure of a discrete 15mEq dosage of potassium chloride, which had previously not been accomplished.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Micah-Paul Young whose telephone number is 571-272-0608. The examiner can normally be reached on M-F 7:00-4:30 every other Monday off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thurman K Page can be reached on 571-272-0602. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
